Let's Pray

- For the cultural, linguistic and religious **barriers** that hinder people from hearing the good news of Jesus to be overcome
- For **openness** to hear and receive the hope of Jesus
- For **seekers** to connect with our teams and local believers
- For local believers to discern how to follow Jesus in their own **distinctive ways**
- For God to raise up **more workers** to share His love in communities where the Gospel is yet to take root
- For God to sustain **our teams** as they serve in challenging places

We believe that all people should have the opportunity to hear the message of Jesus in a way that makes sense to them. **In their culture and language.**

However, there are still millions around the world who have never had that opportunity. When 99% of the world's Christian resources and workers remain within communities who already have access to the Gospel, we have to ask the question...

Is this just?

Just Prayer is a weekend of dedicated prayer for people around the world to meet a Jesus who speaks their language.
